“As a Senior Independent Director on a number of Boards, there are times when I have had to step in when a Chair was absent or unavailable. I wanted to feel better equipped both from a confidence and from a skills perspective, but also to consider whether or not to apply for Chair roles myself. The **Criticaleye Chair Ready Programme** has been invaluable, providing me with both skills and confidence while offering access to a **valuable network** of Chairs and NEDs for advice. **I highly recommend it.**”

"Having recently taken on my first Chair role, **Criticaleye's Chair Ready Programme** has helped me to establish the type of Chair I want to be. Insightful conversations with experienced Chairs who have the scars from tough experiences underscored the value of cross-sector learning and serve as a reminder for those in insurance or financial services of its importance. **Criticaleye's Community** has honed my understanding of **the difference a good Chair makes** as well as allowing me to **meet some inspirational ones**."
